

# Level Up!

Take any Level 1 class in September or October at full price and get 10% off the \*USCCA class.

*\*Class must be taken in 2014*

## About Patriot

The mission at Patriot Firearms School & Defense LLC can be broken down into 3 logical levels.

The first level is to help people get their gun licenses and to teach them how to be responsible gun owners. We teach that safety is to always be held in the highest regard.

The second level is to promote a defensive mindset to teach people that it's okay to defend themselves and their families. We give you the tools to do this with and without a firearm. The firearm is a tool of LAST resort!

The third level is for dedicated individuals who want to further develop and improve their defensive skills on and off the range.

224 Winthrop St. Unit 5

Rehoboth, MA 02769

## Level 1

### LTC (Pistol)

Take the NRA Basic Pistol class and earn the certificates needed to apply for your LTC. Need to be 21 or over.

### FID (Rifle & Shotgun)

Take the NRA Basic Rifle and Shotgun class and earn the certificates needed to apply for your LTC. Ages 15-20

### Clean and Field Strip

New to the shooting sports? Learn how to clean and field strip your new gun. We will teach you multiple methods and techniques.

### Utah LTC

This license will give you the freedom to carry in 30 states. You do not need your home state LTC to get this license.

## Level 2

### Refuse To Be A Victim

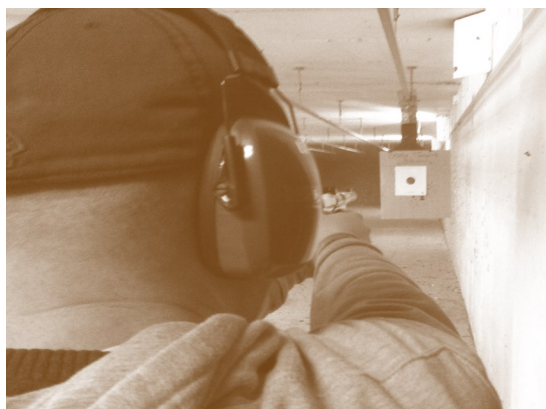

This is a nationally recognized seminar that shows you the tools to significantly reduce your chances of being a victim.

### USCCA Concealed Carry & Home Defense

This class goes into the finer details of defense with a firearm and guides you to formulate your own home defense planning. Also teaches you how your body and mind react to a critical incident and how to train your body and mind to respond to such incidents.

Visit [Patriotfirearmsschool.com](http://Patriotfirearmsschool.com) for detailed class descriptions and class schedule

## Level 3

### Personal Protection Inside the Home

This class reviews defensive gun laws and things to consider before you pull the trigger. Learn intermediate defensive drills and apply them on the range with live fire.

### Personal Protection Outside the Home

Personal Protection Inside the Home is a prerequisite to take this class. Includes advanced defensive shooting drills that you will apply at the range with live fire
